Sheer
Driving Pleasure

THE NEW BMW M6. GRAN COUPÉ, COUPÉ AND CONVERTIBLE.

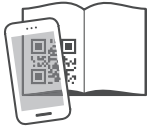

International version. Please contact your local dealer for country specific information.

BMW stands for sheer driving pleasure – something that everyone enjoys in their own individual way. Discover a wide world of experience at www.bmw.com/BMWstories

GET MORE FROM YOUR BROCHURE.

Access exciting digital content from every page with a QR code: films, image galleries and much more.

Download a QR code-reader compatible with your operating system from the relevant online store. Then, simply start the reader and hold your smartphone or tablet over the code.

You can also discover the BMW M6 Gran Coupé, the BMW M6 Coupé and the BMW M6 Convertible in a digital brochure. Simply download the BMW brochure app for your device and select the desired model.

Internet use, depending on your mobile contract, may incur costs.

HIGH PERFORMANCE SOCIETY.

THE MODELS SHOWN.

- 04 BMW M6 GRAN COUPÉ WITH COMPETITION PACKAGE*:**
M TwinPower Turbo V8 petrol engine, 442 kW (600 hp), 20" light alloy wheels Double-spoke 433 M with mixed tyres, BMW Individual paint finish Pure metal Silver, BMW Individual full fine-grain Merino leather in Platinum, BMW Individual interior trim Piano finish Black.
- 10 BMW M6 COUPÉ WITH COMPETITION PACKAGE*:**
M TwinPower Turbo V8 petrol engine, 442 kW (600 hp), 20" M light alloy wheels Double-spoke 601 M with mixed tyres, BMW Individual paint finish Frozen Red metallic, seats in Black full fine-grain Merino leather, Carbon Fibre interior trim.
- 14 BMW M6 CONVERTIBLE WITH COMPETITION PACKAGE*:**
M TwinPower Turbo V8 petrol engine, 442 kW (600 hp), 20" M light alloy wheels Double-spoke 343 M with mixed tyres, BMW Individual paint finish Frozen Blue metallic, seats in Opal White BMW Individual full fine-grain Merino leather, BMW Individual fine-wood interior trim Ash Grain White.

HIGH PERFORMANCE SOCIETY.

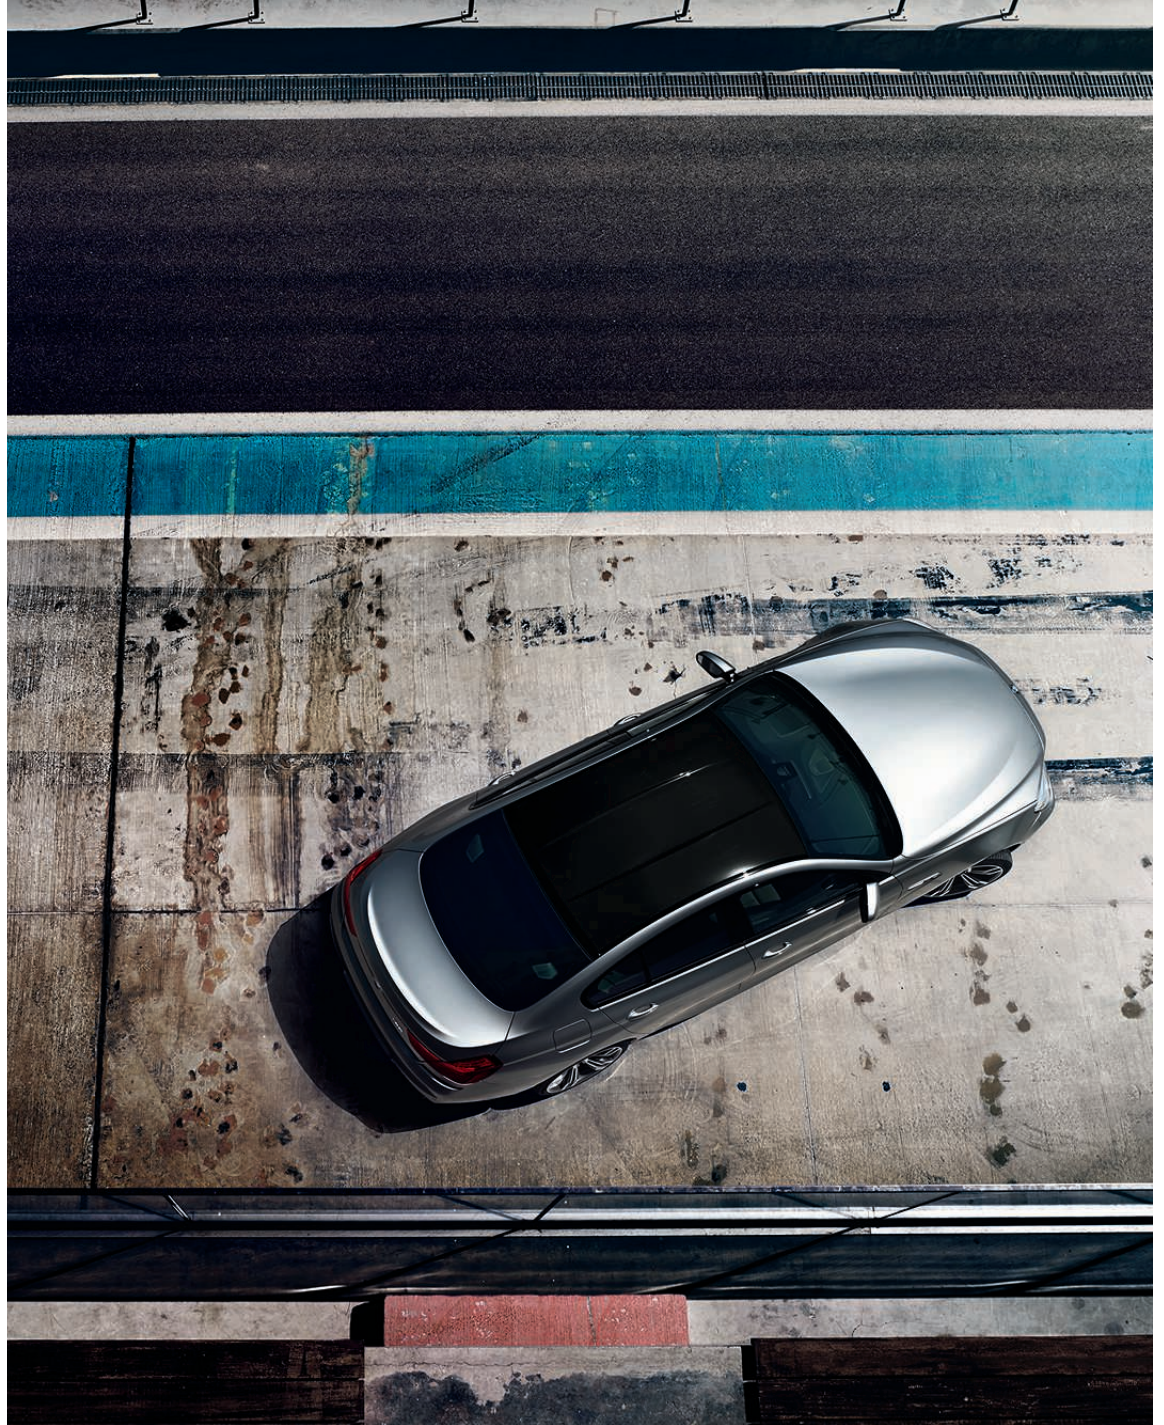

The new BMW M6 – one of a kind, times three. All it takes is the touch of a button and 600 hp* (442 kW)* is ready to give its all. The focal point of this astonishing performance? You, the driver, surrounded by luxurious materials and perfect workmanship. Whether you choose the Gran Coupé, the Coupé or the Convertible, you will experience the perfect symbiosis of performance and exclusivity, dynamism and prestige. Welcome to the most powerful BMW M6 of all time.

SYMPHONY IN M.

* Values apply to vehicles with Competition package. The Competition package may not be available in all countries. Please consult your BMW partner.

EXPERIENCE ALL
THE HIGHLIGHTS IN THIS SHORT FILM.

MASTERFUL POWER – ON A MAJOR SCALE.

**A CONSUMMATE COMPOSITION.
FOR AN AUDIENCE OF ONE.**

As individual as your fingerprint.

The striking BMW M kidney grille with the exclusive M double slats and chromed insert bars (only for the BMW M6 Gran Coupé) captures the attention. The rear profile has a commanding majesty that leaves a long-lasting impression. And your own inimitable character occupies the space in between. With BMW Individual, your BMW M6 can become a true, one-of-a-kind masterpiece thanks to a very special collection of paint finishes, upholstery choices and trims. And yet, you can still take things further: the BMW Individual Manufaktur can transform almost any request you can imagine into breathtaking reality.

THE FIRST VIOLIN AMONG COUPÉS.

**THE ENGINE IS THE ORCHESTRA.
YOU ARE THE CONDUCTOR.**

A thrilling, twin-turbocharged performance.

The curtain's up, revealing an engine that puts everything that has gone before into the shade. The M TwinPower Turbo V8 petrol engine delivers 600 hp¹ (442 kW)¹ that will take your breath away, whatever model you choose. For even more intense motor sport feel, there is also M Dynamic mode. Together with the Active M Differential and the BMW Head-Up Display with M-specific features, the overall performance is a consummate work of art. Standing ovations included.

¹ Values apply to vehicles with Competition package. The Competition package may not be available in all countries. Please consult your BMW partner.

THE BEST CONCERTS ARE OPEN AIR.

**A VIEW THAT ALWAYS
CALLS FOR AN ENCORE.**

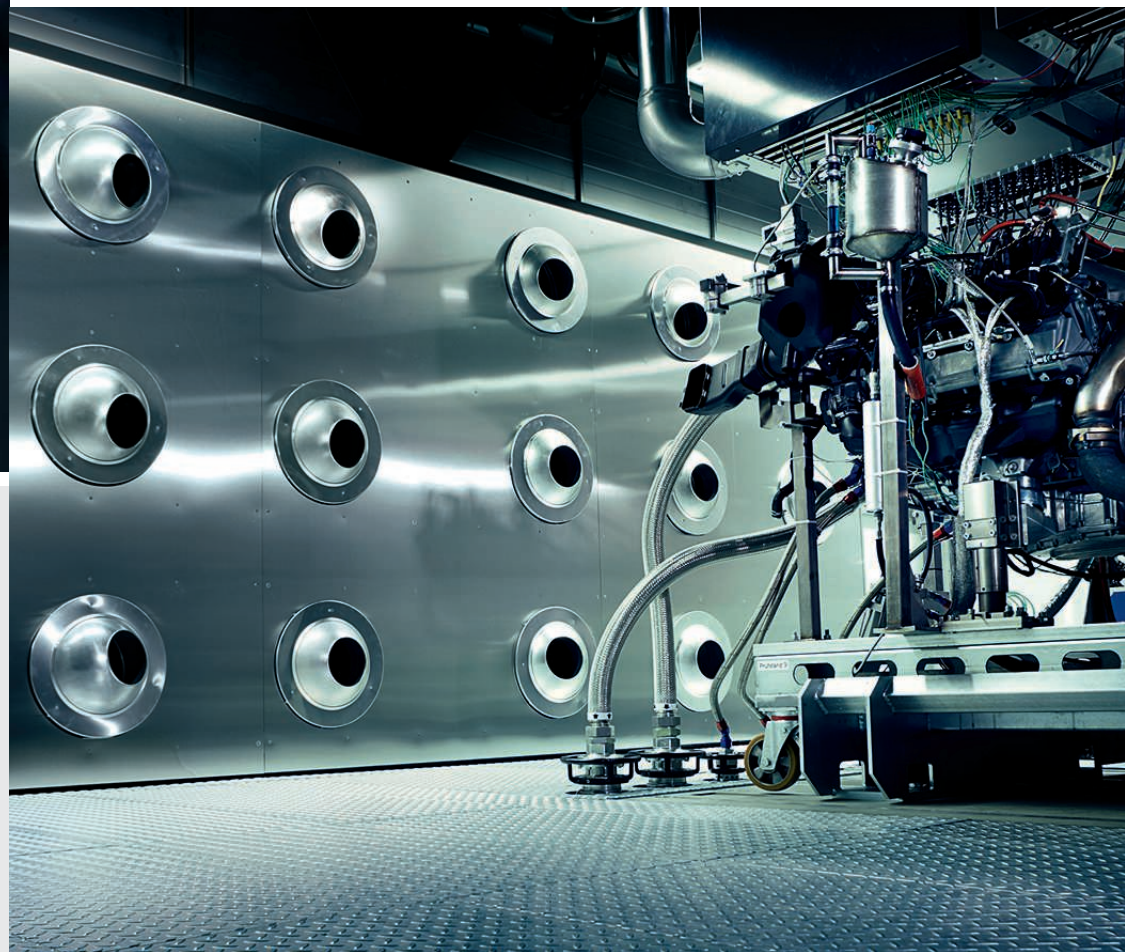

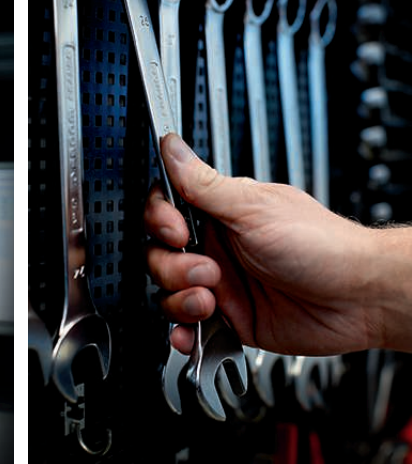

Powerful elegance, pitch-perfect.

The street sets the stage and all eyes follow the new BMW M6 Convertible. Its wide track sets up the perfect stance. The M-specific side skirts and the black, chrome-plated twin tailpipes, specially from the optional Competition package*, express pure dynamism. And every touch of the accelerator pedal is met with unambiguous vigour. Make yourself comfortable in the driver's seat. The outlook couldn't be better – before you the street, above you the sky.

*May not be available in all countries. Please consult your BMW partner.

THREE VIRTUOSOS – EVERY ONE A LEADER.

INNOVATION AND TECHNOLOGY.

M TWIN POWER TURBO ENGINE: Power with maximum efficiency.

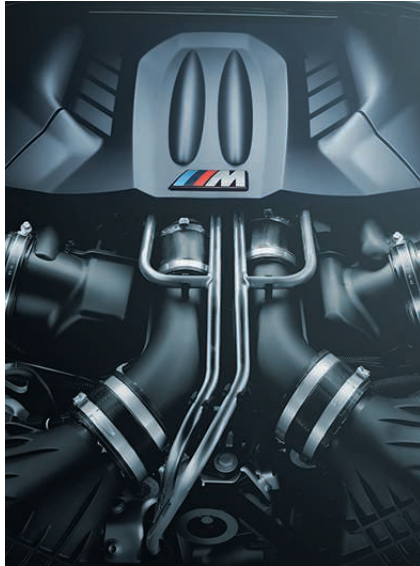

AERODYNAMIC DESIGN AND BMW EFFICIENT LIGHTWEIGHT CONSTRUCTION: The art of engineering.

CHASSIS: Innovative systems for more driving pleasure.

BMW CONNECTED DRIVE: Services & Apps and driver assistance.

M TwinPower Turbo engine. Performance with maximum efficiency.

BMW M TwinPower Turbo technology combines great performance with impressive efficiency. Outstanding responsiveness, linear power delivery, high-revving character and tremendous thrust are all hallmarks of the eight-cylinder petrol unit from the EfficientDynamics engine family. Plentiful torque is on tap from just above idle right through to the upper reaches of engine speed. The result: more than enough power in every situation and thrilling, high-rpm performance.

M TWIN POWER TURBO EIGHT-CYLINDER PETROL ENGINE.

Delivering 412 kW (560 hp), torque of up to 680 Nm and a 0–100 km/h time of just 4.2 seconds (Gran Coupé and Coupé, Convertible: 4.3 s), there can be no doubting the performance credentials of the M TwinPower Turbo eight-cylinder petrol engine. The 4.4-litre powerplant distinguishes itself with impressively direct responsiveness and high torque available at around idle speed. Just the slightest touch of the accelerator pedal rewards the driver with forceful thrust.

BMW M6 GRAN COUPÉ / BMW M6 COUPÉ / BMW M6 CONVERTIBLE.

- M TwinPower Turbo eight-cylinder petrol engine with output of 412 kW (560 hp)² and 680 Nm of torque
- Acceleration, 0–100 km/h: 4.2 s/4.2 s/4.3 s
- Top speed: 250 km/h (restricted)
- Fuel consumption, combined: 9.9 l/100 km/9.9 l/100 km/10.3 l/100 km¹
- CO₂ emissions, combined: 231 g/km/231 g/km/239 g/km¹

¹ Fuel consumption and CO₂ emissions are dependent on wheel and tyre size. For further information, please see pages 48/49.
² Output with optional Competition package*: 442 kW (600 hp).
 * The Competition package may not be available in all countries. Please consult your BMW partner.

Aerodynamic design and BMW EfficientLightweight construction. The art of engineering.

Comprehensive and fully coordinated aerodynamics measures, particularly at higher speeds, optimise driving dynamics, stability and control in M vehicles.

BMW EfficientLightweight construction is of the highest priority with M vehicles. This is because the lowest possible unladen weight is the foundation for outstanding driving dynamics and exemplary efficiency. BMW M has applied unrelenting focus on achieving this goal and, as a result, has seen continual improvement. The key questions that have always faced the engineers: where does it make sense to save weight? And where not? The answer: intelligent lightweight construction.

As part of BMW's intelligent lightweight construction philosophy, the **carbon roof** made of carbon fibre reinforced plastic (CFRP) helps to reduce mass and lowers the car's centre of gravity. This increases agility and dynamics in curves and when accelerating and braking. The CFRP structure is visible.

The **carbon diffuser**¹ creates aerodynamic downforce at the rear of the car at high speeds, thereby providing added traction. The ultra-light, visible CFRP lends the rear a highly athletic appearance and is also a clear sign of the commitment of BMW M to lightweight construction.

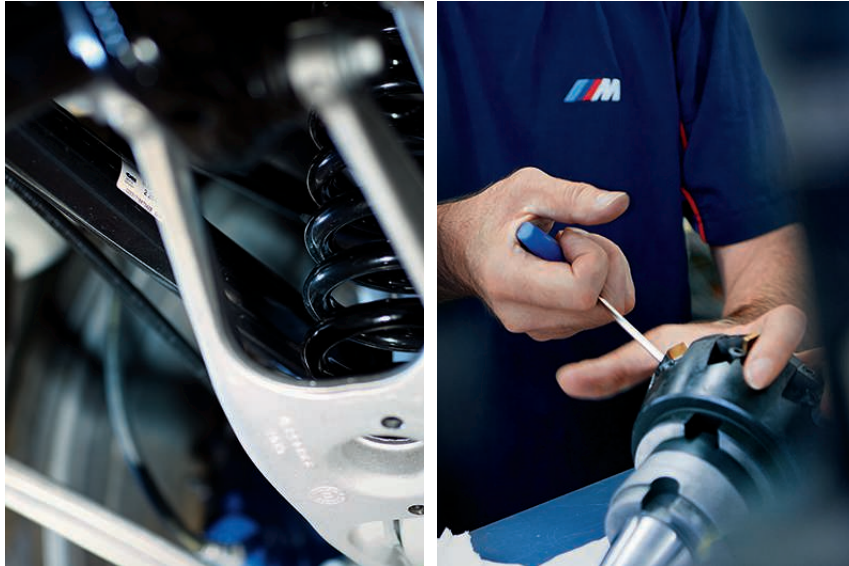

The **M rear spoiler**² on the rear edge of the tailgate helps to reduce lift, further optimising the aerodynamic balance between the front and rear axes. As a whole, the precise coordination of these elements creates a racetrack-ready optimum – with that unmistakable M feel.

¹ Only available for the BMW M6 Gran Coupé.

² Only available for the BMW M6 Coupé.

Chassis. A solid foundation for superior driving dynamics.

Conventional rules do not apply to the new BMW M6 Gran Coupé, the new BMW M6 Coupé and the new BMW M6 Convertible. As independent developments of BMW M GmbH, they embody the M philosophy, perfectly combining high performance with optimum, everyday practicality. To fulfil these high aspirations, the meticulously constructed M high-performance chassis has been entirely redeveloped.

The intelligent networking of chassis components and control systems ensures maximum driving dynamics and agility as well as exceptionally high precision and control. Experience fascinatingly authentic driving feel.

M Dynamic mode, a sub-function of Dynamic Stability Control (DSC), allows for highly dynamic driving. While DSC works against understeer and oversteer, M Dynamic mode enables full exploitation of the car's longitudinal and lateral dynamic potential. Access to the driving support offered by DSC is retained, however.

Dynamic Damper Control makes it possible to adapt the damper characteristics to suit any given driving situation. In the standard COMFORT mode, the dampers provide greater cushioning, while SPORT and SPORT+ modes feature much firmer settings for increased precision and more dynamic driving.

The **Active M Differential** optimises traction and driving stability when changing lanes or accelerating out of curves, when taking corners at high speeds or on roads with uneven surfaces. Traction is optimised via an electronically controlled device that reduces the difference in revolution speed between the rear wheels.

M Servotronic adjusts the power steering to suit the current speed and ensures direct and precise steering responses even at high speeds. It also ensures excellent comfort by minimising the physical effort required for steering, as well as maximising agility when parking, manoeuvring or navigating narrow or twisting roads.

Shift gears without losing power, using the clutch or slowing down – thanks to the **M double-clutch transmission with Drivelogic**. Gears can be changed automatically or manually using the gearshift paddles on the M leather steering wheel or the gear selector in the centre console. The additional **Launch Control** function ensures optimal acceleration from a standing start.

The **M Carbon ceramic brake system** delivers braking power more directly. It is non-corrosive, very resistant to abrasion, tolerates more heat and contributes to a lower vehicle weight, which has a positive impact on agility, dynamics and acceleration. Matt Gold-coloured brake calipers with the M logo make this special technical equipment visible from outside the car.

BMW ConnectedDrive

So connected, you're free.

Our world is becoming more closely connected every day. And for BMW drivers it goes without saying that they can request information, communicate via telephone or email and always be up to date – all while they're on the go. The BMW ConnectedDrive¹ concept encompasses all the services and innovative technologies that link BMW vehicles and their passengers to the outside world and surrounding traffic.

The BMW **ConnectedDrive Services*** option provides the driver with a wide range of information, entertainment and service features on the road.

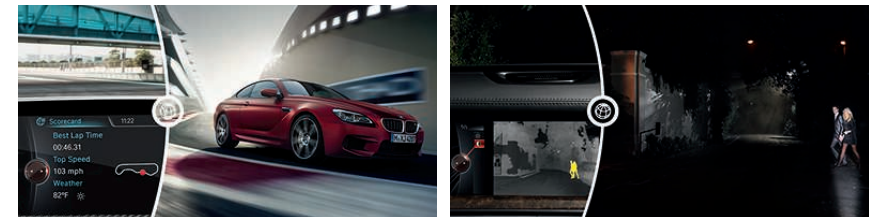

It also includes BMW Online, which enables you to access current, localised information such as weather, news and an online search powered by Google™, as well as various office functions. You can also combine individual services and features such as webcams, fuel price info, parking information, travel and hotel guides in the "Applications" menu.

The secure and comfortable use of selected smartphone applications is also included for an unlimited period of time. The ConnectedDrive Services option also includes access to the **BMW ConnectedDrive Store**, in which services and apps can be booked, extended and selected according to individual needs, at any time and from any place. The ConnectedDrive Services option also offers much more to make each journey in a BMW into a real experience.

With its intelligent services and assistance systems, BMW ConnectedDrive is ready with a host of solutions to meet your every need. **BMW ConnectedDrive Services & Apps** offer greater freedom by networking the driver, vehicle and outside world in a wide range of ways, and intelligent **BMW ConnectedDrive Driver Assistance systems** make travel in your BMW not only safer, but also more comfortable and convenient.

The full-colour **BMW Head-Up Display with M-specific functions**² projects all information relevant to the journey directly into the driver's field of vision. At the press of a button, the driver can switch to the M-specific display, which shows a gear indicator, rpm as a dynamic range curve and shift lights that indicate the optimal moment to change gear.

With the **BMW M laptimer app**, driving data from the racetrack can be accurately recorded and then analysed with the aim of improving driving performance. The information, in categories such as accelerator position, steering angle, G-force and best lap time, can be posted to social media as snapshots or sent by email.

BMW Night Vision with person recognition uses an infrared camera to detect people, as well as larger-sized animals, in the dark and at a distance. Additionally, if there is an acute warning, an acoustic signal is given and the brakes are primed to ensure the shortest possible stopping distance, even if thermal imaging has not been activated.

* May not be available in all countries. Please consult your BMW partner.

¹ For further information on BMW ConnectedDrive, please visit www.bmw.com/ConnectedDrive

² Visibility of the display is limited with polarised sunglasses. BMW Head-Up Display functionality shown is dependent on equipment.

The images shown here are equipment examples. Features are individually specific to every BMW. Depending on the model, the Control Display and presentation of content may differ.

INDIVIDUALITY AND VERSATILITY.

EQUIPMENT: BMW M6 Gran Coupé, BMW M6 Coupé and BMW M6 Convertible, BMW Individual plus equipment highlights.

COLOURS: A world of colour for the exterior and interior.

TECHNICAL DATA: Weight, engine, performance, fuel consumption, wheels and dimensions.

BMW SERVICE: BMW Service, BMW Financial Services and BMW Experience.

BMW M6 GRAN COUPÉ.

[01 | 03] The new BMW M6 Gran Coupé in the optional BMW Individual paint finish Pure metal Silver combines breathtaking design with commanding athleticism.¹

[02] The athletic interior of the new BMW M6 Gran Coupé is characterised by typical M driver orientation and perfectly crafted materials. The centre console, slightly inclined towards the driver, offers perfect ergonomics, while the 10.2" Control Display provides a thorough overview of all relevant information.

[04] The deep-set position, high side bolsters and bucket-style character of the optional M multifunctional seats, shown here in the optional BMW Individual full fine-grain Merino leather Platinum, have authentic motor sport feel.

[05] 20" M light alloy wheels Double-spoke style 433 M with mixed tyres. Front: 9.5 J x 20 with 265/35 R 20 tyres. Rear: 10.5 J x 20 with 295/30 R 20 tyres.

¹ BMW M6 Gran Coupé shown here with the optional Competition package*.
* May not be available in all countries. Please consult your BMW partner.

BMW M6 COUPÉ.

[01 | 03] Quickening the pulse – even at a standstill: the new BMW M6 Coupé in the optional BMW Individual paint finish Frozen Red metallic and with optional 20" M light alloy wheels Double-spoke style 601 M with mixed tyres.¹

[02] The M leather steering wheel, with its M logo, M Drive buttons, gearshift paddles (only with M double-clutch transmission), chrome detailing and coloured contrast stitching, creates a strong racing feel.

[04] Exclusive M multifunctional seats (optional) reflect the vehicle's exterior dynamism in the interior. The driver and front passenger can sit back in full fine-grain Merino leather seats with an embossed M logo on the backrests.

[05] 20" M light alloy wheels Double-spoke style 601 M (optional), Bicolour, gloss-lathed, with mixed tyres. Front: 9.5 J x 20 with 265/35 R 20 tyres. Rear: 10.5 J x 20 with 295/30 R 20 tyres.²

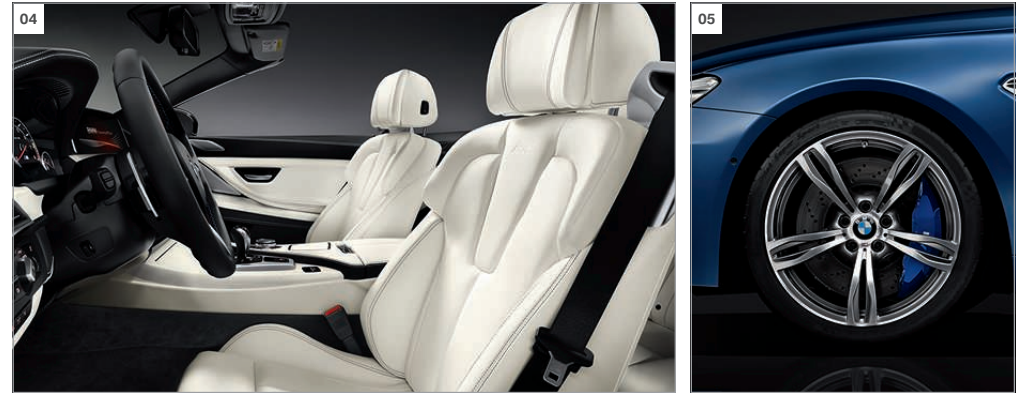

¹ BMW M6 Coupé shown here with optional Competition package*.
² As standard in conjunction with optional Competition package*.
* May not be available in all countries. Please consult your BMW partner.

BMW M6 CONVERTIBLE.

[01 | 03] The equipment options for the new BMW M6 Convertible are as exclusive as the vehicle itself. The Convertible has a highly dynamic and yet extremely elegant look in the optional BMW Individual paint finish Frozen Blue metallic.¹

[02] The optional BMW Individual fine-wood trim Ash Grain White on the instrument panel, door handles and centre console along with the Black Chrome trim finishers on the instrument panel's decorative strip are all perfectly in tune with the interior.

[04] The optional M multifunctional seats for the driver and front passenger are characterised by perfect ergonomics and body hold, even during highly dynamic driving. Shown here in the optional BMW Individual full fine-grain Merino leather Opal White.

[05] 20" M light alloy wheels Double-spoke style 343 M, forged, with optional mixed tyres. Front: 9.5 J x 20 with 265/35 R 20 tyres. Rear: 10.5 J x 20 with 295/30 R 20 tyres.

¹ BMW M6 Convertible shown here with optional Competition package*
* May not be available in all countries. Please consult your BMW partner.

BMW Individual

The expression of personality.

BMW Individual paint finish
Ruby Black metallic.

The new BMW M6 Gran Coupé. Inspired by BMW Individual.

Driving a BMW is, in itself, a mark of character. There are those who still, however, want their vehicles to be even more individual reflections of their personality. The BMW Individual Collection and the BMW Individual Manufaktur meet these needs by opening up seemingly limitless opportunities for differentiation.

Precisely in tune with each model, the BMW Individual offers a highly exclusive selection of equipment options. Fascinating paint finishes either refracting the light or with a matt effect. Leather, unique in colour and scope of application, perfected with clever contrasts. Interior trims in the most exclusive fine woods or the immaculate Piano finish.

And yet even this can be surpassed – thanks to the BMW Individual Manufaktur. Here, there is only one goal: realising almost any customer request, even the most personal, with stylish, hand-crafted perfection.

BMW Individual fine-grain Merino leather
Amaro Brown, Champagne, Opal White, Platinum and
Cohiba Brown (top to bottom).

BMW Individual full fine-grain Merino leather Platinum and Alcantara headliner in Platinum.

02 ■

06 ■

03 ■

[01] Compared with conventional systems, Adaptive LED headlights automatically provide significantly better illumination and visibility in every driving situation.

[02] The striking gill element, with its classic M style, underscores the sporty look.

[03] The lightweight rear carbon diffuser ensures greater downforce at the back of the car at high speeds, thus providing added traction.¹

[04] As part of BMW's intelligent lightweight construction philosophy, the roof in carbon fibre reinforced plastic (CFRP)² helps to reduce the car's mass.

[05] The aerodynamically optimised M-specific exterior mirrors with double-bridge design lend the car an elegant, athletic character.

[06] The M kidney grille with double slats (BMW M6 Gran Coupé: chrome-plated) and the "M6" logo emphasises the M-style design of the front profile.

[07] The lightweight M Carbon ceramic brakes³ provide optimum traction and high thermal resistance. They are also highly durable.

[08] 20" M light alloy wheels Double-spoke style 343 M, forged, with mixed tyres. Front: 9.5 J x 20 with 265/35 R 20 tyres. Rear: 10.5 J x 20 with 295/30 R 20 tyres.

[09] 19" M light alloy wheels Star-spoke style 344 M, Bicolour, forged and polished, with mixed tyres. Front: 9.5 J x 19 with 265/40 R 19 tyres. Rear: 10.5 J x 19 with 295/35 R 19 tyres.⁴

[10] 20" M light alloy wheels Double-spoke 433 M with mixed tyres. Front: 9.5 J x 20 with 265/35 R 20 tyres. Rear: 10.5 J x 20 with 295/30 R 20 tyres.⁴

[11] Thanks to the use of different materials, M compound brakes achieve outstanding deceleration values, are extremely stable and highly durable.

[12] Doorsill finishers featuring an illuminated M logo make a powerful statement as soon as the door is opened.

[13] 20" M light alloy wheels Double-spoke style 343 M, forged, matt black, with mixed tyres. Front: 9.5 J x 20 with 265/35 R 20 tyres. Rear: 10.5 J x 20 with 295/30 R 20 tyres.

¹ BMW M6 Gran Coupé shown here with the optional Competition package*.

² Only in conjunction with 20" light alloy wheels.

³ Standard for BMW M6 Coupé and Convertible.

⁴ Exclusively and standard for BMW M6 Gran Coupé.

* May not be available in all countries. Please consult your BMW partner.

EQUIPMENT HIGHLIGHTS.

[01] The BMW M lap timer app precisely records racetrack driving data such as accelerator position, steering angle, G-force and best lap times.

[02] The Bang & Olufsen high-end surround sound system enthralts with its full sound, illumination effects and extendible centre speaker.¹

[03] Stay focused on what's important – the M-specific instrument cluster with Black Panel technology includes four round instruments and several displays.

[04] The M double-clutch transmission with Drivelogic offers traction-optimised automatic gear selection, Launch Control, Low Speed Assistance and the Automatic Start/Stop function.

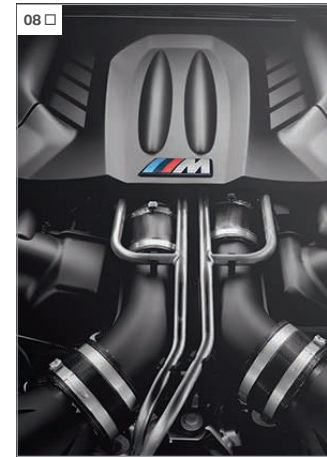

[05] The M leather steering wheel with multifunction buttons features a reduced circumference and takes a visual cue from the Double-spoke design of the M light alloy wheels.

[06] The full-colour BMW Head-Up Display² with M-specific features projects important information directly into the driver's field of vision – including engine speed and optimum shift time when in M mode.

[07] M multifunctional seats in full leather offer perfect lateral support, even during highly dynamic driving.

COMPETITION PACKAGE.*

■ Standard equipment □ Optional equipment

[08] The output of the M TwinPower Turbo eight-cylinder petrol engine is increased from 412 kW to 442 kW. The enhanced performance is achieved by raising the boost pressure in the upper rev range.

[09] Thanks to enhanced engine output, more direct steering and a specially tuned suspension, the Competition package offers a noticeable increase in driving dynamics. The modified sports exhaust system with black, chrome-plated twin tailpipes creates a thrillingly powerful sound. The package also includes exclusive 20" M light alloy wheels with mixed tyres.

[10] The Sport exhaust system delivers a full-bodied and sporty engine note for guaranteed goosebumps.

¹ 16 loudspeakers with output of 1,200 watts in the BMW M6 Gran Coupé and Coupé.

² 12 loudspeakers with output of 1,000 watts in the BMW M6 Convertible.

³ Visibility of the display is limited by polarised sunglasses. BMW Head-Up Display functionality shown is dependent on equipment.

¹ Figures quoted include a 90% full tank, 68 kg for the driver and 7 kg of luggage. Unladen weight applies to vehicles with standard specification. Optional equipment may increase these values.

² Electronically restricted.

³ The engine is designed for RON 98 fuel or higher. It can be run on RON 91 fuel with a decrease in power.

⁴ The engine complies with the EU6 emissions standard. Fuel consumption is determined in accordance with the ECE driving cycle. This is made up of approximately one third urban and two thirds extra-urban driving (based on distance covered). CO₂ emissions are measured in addition to fuel consumption. Optional equipment may increase these figures.

⁵ In conjunction with Competition package.

WELL TAKEN CARE OF WITH BMW SERVICES:

When you buy a BMW, you can look forward to superb service and comprehensive customer care. For example, the **Condition Based Service** independently tracks both service fluid levels and the condition of parts subject to wear and then notifies you in the display when the vehicle requires servicing. So you only need to go to your BMW service partner when it's really necessary. When you do go, our

qualified BMW service specialists take care of your vehicle using the newest workshop technology and only **original BMW parts**. This service is available worldwide in more than 3,300 BMW service partner establishments in over 150 countries, to provide you with limitless driving pleasure.

BMW SERVICE.

BMW Service Inclusive*: The BMW Service Inclusive service packages ensure that costs for maintenance, inspection and worn parts are covered for the duration of your contract, allowing you to focus on unlimited driving pleasure. This service is available worldwide from all participating BMW service partners. For more information please visit www.bmw.com/serviceinclusive

BMW Guarantee extension: The BMW guarantee extension packages offer extended protection for your newly purchased BMW, in addition to the legal guarantee period. So you can enjoy another three years of carefree driving (up to the vehicle's 5th year). Find out more at www.bmw.com/serviceinclusive

BMW Mobile Service*: This service is there for you in case of a breakdown, day and night. Specially trained BMW technicians do everything necessary, on the phone or on-site, to get your car back on the road as fast as possible. We offer a comprehensive country-specific mobility package for breakdowns and insurance that covers you in the event of an accident or theft. And in case of an accident, call us at the BMW accident hotline! We'll take care of calling the police, an ambulance, a tow truck, a replacement car, notifying your insurance company and much more. For more information visit www.bmw.com

BMW Teleservices*: With Condition Based Service, you'll be automatically notified in the display of your next necessary service appointment. Provided you've consented, the most important vehicle data required for analysis will be relayed to BMW automatically. Your assigned BMW service partner will access the information and contact you free of charge to make a service appointment – if one is necessary. To access BMW Teleservices, the vehicle must be equipped with the optional Intelligent Emergency Call or ConnectedDrive Services. If necessary, the service can be deactivated at any time. For more on this topic please visit www.bmw.com/teleservices

BMW Financial Services: Tailor-made finance: BMW Financial Services offers you attractive leasing, finance and insurance packages. For further information visit www.bmwfs.com or ask your local BMW partner to make you an individual offer.

THE BMW EXPERIENCE.

BMW TV*: www.bmw.tv enables you to experience the BMW brand in all its diversity. Features, portraits and background reports provide you with information on automobiles, innovations, sports and lifestyle topics.

BMW Driving Experience: The better you control your BMW, the more enjoyment you will derive from driving it. Use our training courses to learn for yourself what it means to reach a car's physical limits on various types of surfaces, and what you have to do to control your vehicle even in extreme situations. For further information please visit www.bmwdrivingexperience.com

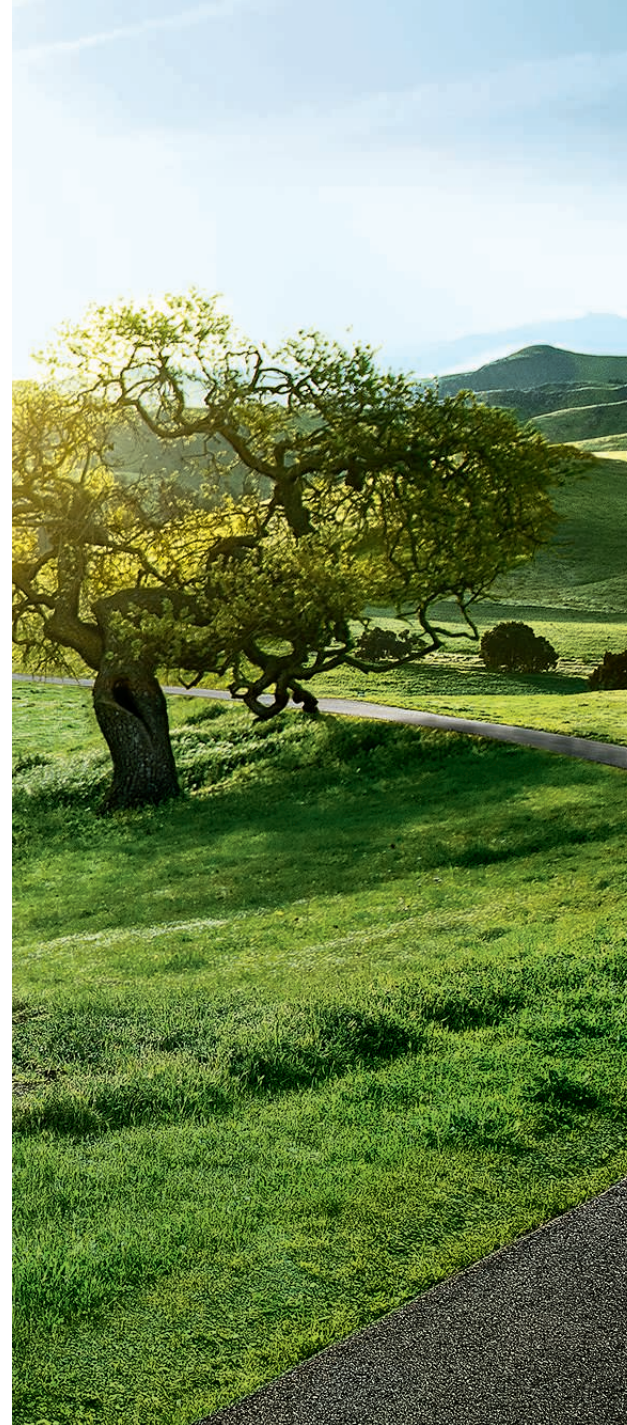

BMW Welt: Collecting a new car at BMW Welt ranks among the best moments any driver can experience. Turn this moment into an unforgettable day, and make the handover of your new BMW part of a unique programme of activities tailored to your personal preferences. With the BMW Plant, the BMW Museum and the BMW Group Headquarters, you will be surrounded by fascinating history, a breathtaking present and spectacular visions of the future. Find out more at www.bmw-welt.com/en

BMW Magazine: In BMW Magazine, experience the newest BMW models in front of stunning backdrops. Discover new design trends, travel destinations and the richness of modern life. Encounter people with visionary ideas who are changing the world. Find out more at www.bmw.com/magazine

SHAPING THE FUTURE – RESPONSIBLY.

In 2014, the BMW Group was once again ranked the most sustainable car manufacturer in the world by the Dow Jones Sustainability Index. It is the only automotive company to have featured on the renowned index every year since its inception. The development of efficient vehicle concepts and eco-friendly production processes, up to and including recycling, is an integral part of our engineering philosophy. BMW EfficientDynamics standards have enabled us to cut the CO₂ emissions of our fleet of new vehicles in Europe by more than 30% between 1995 and today. We're also aiming to reduce the amount of resources such as water and energy used in production by 45% between 2006 and 2020. Production at our engine plant in Steyr has been waste-water free since 2007. And of course each of our vehicles is designed for easy and economical recycling after its long running life. Please contact your BMW partner on all matters regarding your end-of-life vehicle. For further information please visit our websites.
